The housing proposals

The current proposals for Buxton Street is for 3 new homes, all for social rent. The existing former school premises manager's house would be demolished and replaced with new terraced homes, designed to respond to the surrounding street and provide high-quality family accommodation.

Below shows the emerging elevations and current plan layouts for the proposed homes. Tell us what you think about the latest design proposals, and what is important to you about how new homes respond to the local area.

The current proposal is for 3x 4-bed 7 person family homes, all for social rent
